PREVENTION ▶ INTERRUPTION ▶ MANAGEMENT

PROFESSIONAL EXPERIENCE

High-profile and diverse security risk and threat management experience throughout:

ALBERTA

BRITISH COLUMBIA

ONTARIO

NEW BRUNSWICK

UNITED STATES

IRAQ

Super Energy Corp. – Calgary, Alberta

2012 – Present

Independent federal agency regulating pipelines, energy development, and trade in Canadian public interest.

CORPORATE SECURITY ADVISOR

Consult in-house, providing subject matter expertise to executive members and staff on engagement activities. Support development of governance, policies, directives, and guidelines related to security risk and threat management. Proactively recommend strategies that identify, manage, and mitigate risks; translate strategies into tactical plans and oversee execution. Liaise with federal and municipal police agencies, private sector security contractors, paid-duty police, lawyers, and multi-disciplinary experts.

- ▶ Provided risk management and security support for the Alberta Project engagement activities; applied security advances and low-profile footprint detail to achieve zero safety and security incidents.
- ▶ Developed risk mitigation strategies and oversaw security operations for 2013 Safety Forum; concluded with zero safety or security incidents.
- ▶ Acted as Lead Security Advisor on multiple assignments, including the controversial McMahon Pipeline Project; maintained organizational integrity and safety at all times.
- ▶ Executed and finalized 34 projects to date, all to successful outcomes.
